

# The Rose Fairie

## Peni Powel shares with us:

I designed a pattern for the memory box program and would like to donate it to the group as a pattern to be used as a memory box free pattern. I will be sending just a line drawing and a photo. I'm sure after many of the members have taken Karen's class it shouldn't be difficult to paint and decide what color they would like to paint the pattern or adjust it to their boxes.
